

Art. 510 - 511

DN 40 - 600
PN 6/10/16/25/40
ANSI PN 20/50
ANSI 150/300

Art. 510 - 511

NON-RETURN VALVE

- Wafer type body construction with soft sealing or metallic sealing for complete and quick closing of the reverse flow of liquid and gaseous media
- Simple mounting – dismantling into pipeline
- Light loss of pressure
- Complete closing even at small pressure difference – 0.12 bar
- Metal-metal sealing is not 100% proof
- Ensured integrity in food - processing industry
- Wide range of application
- Technical delivery conditions to EN 12266 - 1,2
- Pressure testing to EN 12266 - P10, P11
- Pmax = 6/10/16/25/40 bar of overpressure
